INTRODUCTION

This publication was abstracted and compiled from microfilms of Annual Return Book "A" 1824-1833 and Appraisements & Sales Book "A" 1824-1834 of Houston County, Georgia. The microfilms were obtained from the Georgia State Archives & Library, with permission of Mr. Clinton K. Watson, Judge of Probate Court, Houston County, GA.

Returns, in the two books abstracted, were made by Executors, Executrixes, Administrators, Administratrixes, Guardians, Trustees, Appraisers, Commissioners, and Arbritrators on estates of deceased, minors, orphans, and insane. These abstractions togeather with the "Wills and Inferior Court Minutes of Houston County, GA," published in 1987 by The Central Georgia Genealogical Society, comprise a complete record of the names, relationships, real property, negroes, and dates of all the first estate records. Personal property such as household, farm equipment, livestock, crops, etc., is not included.

This publication contains hundreds of names not found in the previously published Wills and Inferior Court Minutes. Such records include names of persons: who owed notes or held notes on the estate; who owed accounts or held accounts on the estate; named in estate inventories and appraisements; who were buyers at estate property sales; as widow and her dowery; as children and their expenses; as orphans and their expenses; to whom court expenses were paid; to whom lawyer expenses were paid; paid travel expenses and where too; to whom the division of estates were made and who received final settlements.

This book not only includes the names of additional estates but involves the names of many people who lived in other counties of Georgia prior to the establishment of Houston County in 1821. Baldwin, Bibb, Columbia, Cherokee, Dooly, Jones, Marion, Pulaski, Twiggs, Wilkinson, etc. are among counties mentioned.

In the estate of John Baldwin the earliest note found was outstanding from 1810. In the estate of Richard Smith some 17 account books dating from 1801 were mentioned and the earliest outstanding notes or accounts date from 1805 and 1807. A number of notes are dated in the 1814-1817 era and many undated appear to be even earlier. Some are listed as uncollectable with the debtor having left the state or listed as a runaway.
